

National School Climate Center

Educating Minds and Hearts, because the 3 Rs Are Not Enough

Why Use the CSCI?

The Comprehensive School Climate Inventory (CSCI) is a nationally-recognized school climate survey that provides an in-depth profile of your school community's particular strengths and needs. With the CSCI, you can quickly and accurately assess student, parent, and school personnel perceptions, and get the detailed information you need to make informed decisions for lasting improvement.

Major Features	Benefits
 Assesses 13 Dimensions of School Climate	Get the complete picture of your school's climate for learning – the CSCI measures the nationally-recognized 13 essential traits within: <ul style="list-style-type: none">• Safety• Teaching & Learning• Interpersonal Relationships• Institutional Environment• Leadership & Professional Relationships• Social Media
 Assesses Student, Staff and Parent Perceptions of School Climate	Get the widest range of assessment for deep understanding of all possible relationships Learn where to best direct your efforts by looking at consensus and divergence across broad populations and sub-groups
 Provides Option of Paper or Online Surveys – takes only 15-20 Minutes to complete  English or Spanish Language (+ ability for further translations)	Easy to administer and complete the survey Ensures you can reach all populations in your community in a multitude of ways
 Comprehensive, Customized Report with Graphics and Explanatory Text (within 2 weeks of survey completion)	Get in-depth findings of your school's unique strengths and needs Get specific information based on sub-group data (grade level, gender, race, departments, positions, etc) Get the report and run with it – data is intuitive and comes with recommended guidelines and action charts for your action planning
